

**EXPLANATORY NOTES FOR THE COMPLETION OF APPENDIX 8B - DETAILS OF GAINS OR PROFITS FROM EMPLOYEE STOCK OPTION (ESOP)/OTHER FORMS OF EMPLOYEE SHARE OWNERSHIP (ESOW) PLANS FOR THE YEAR ENDED 31 DEC 2024**

1. The Appendix 8B must be completed **together with the Form IR8A** and signed by the company secretary/director, manager, honorary secretary/treasurer of Clubs and Associations, local representative of a non-resident company or a person authorised by the employer, in respect of an employee (including Singaporean and Singapore permanent resident who ceased employment or posted overseas) who has derived gains or profits directly or indirectly by reason of any office or employment:

- from the exercise, assignment or release of any share option right or benefit; or
- from the grant or vesting of any shares under an ESOW Plan.

2a. Employers NOT participating in AIS

Please give the completed form to your employees by **1 Mar 2025** for them to submit with their income tax return. However, for all Singaporeans and Singapore permanent resident employees, who have **ceased employment or are posted overseas**, and derived gains from any ESOP/ESOW plan which are **taxable in Singapore**, please send their **Appendix 8B to IRAS**.

2b. Employers participating in AIS

If your organisation is under AIS, you should submit your employees' employment income information electronically by **1 Mar 2025**. Please ensure that the information submitted to IRAS is correct and complete.

You do not need to issue the Appendix 8B to your employees. However, you may wish to provide your employees with a separate statement for their record.

Please inform your employees not to include the employment income and deductions in their tax form as it will be automatically included in their income tax assessments.

3. Generally, ESOP gains are taxable in the year in which it is exercised. The date of exercise is the date when the gains are accrued to your employee. ESOW gains are taxable in the year in which it is granted. However, if there is a vesting period imposed on the ESOW, the gains will be taxed in the year in which it is vested. If a moratorium (selling restriction) is imposed on an ESOP/ESOW plan, the gains are accrued on the date when the moratorium is lifted. Where the exercise/ vesting of ESOP or ESOW plans result in a 'loss', there is no need to report the transactions in Appendix 8B since there is no gains derived. The 'loss' cannot be offset against the other ESOP or ESOW plans.

Taxability of ESOP/ESOW plan:

ESOP/ESOW plan granted while an individual is exercising employment in Singapore	
Granted before 1 Jan 2003	The gains from any ESOP/ESOW plans are taxable in Singapore if the ESOP/ESOW plans are exercised/vested while the employee is physically present in Singapore or holding an employment in Singapore.
Granted on or after 1 Jan 2003	The gains from any ESOP/ESOW plans are taxable in Singapore. This is regardless of where the ESOP/ESOW plans are exercised by/vested to the employee, as the gains will be taxed to the extent that they are connected with Singapore employment.
ESOP/ESOW plan granted while an individual is NOT exercising employment in Singapore (This does not apply to an employee who was temporarily away as such absence from Singapore would be treated as incidental to his Singapore employment.)	
Exercised or vested before 1 Jan 2002	The gains from any ESOP/ESOW plans are taxable in Singapore if the ESOP/ESOW plans are exercised/vested while the employee is physically present in Singapore or holding an employment in Singapore.
Exercised or vested on or after 1 Jan 2002	The gains from any ESOP/ESOW plans are not taxable in Singapore even if the ESOP/ESOW plans are exercised/vested while the employee is physically present in Singapore or holding an employment in Singapore. Please note that you need NOT report such gains.
