

List of AIS Payroll Software Vendors for the Auto-Inclusion Scheme (AIS) for Employment Income (as at 21 Oct 2024)

AIS payroll software vendors listed below provide software that is able to [support the AIS submissions via API](#), in the required format and specifications for the Year of Assessment 2024. Vendors are to fulfil the [requirements](#) before they are included to the list. Please note that the list is solely for reference purposes.

You may contact your vendor directly to check if your current payroll software supports IRAS' file format and specifications on API submission of employment income records to IRAS, or to obtain the steps for submission using your software.

Things to note when selecting vendors' software from this list:

- Being listed as an AIS payroll software vendor is not an endorsement by IRAS. IRAS only validates the AIS submissions made through the vendors' payroll software to ensure that they can be accepted by IRAS' system.
- IRAS is not liable for any losses or damages, loss of income, profit or savings, or indirect, incidental, special, or consequential or punitive damages arising from or in connection with the use of any of the payroll software purchased from the AIS payroll software vendors.
- Employers should evaluate the controls that the payroll software have. Refer to the list below for vendor's declaration* on its payroll software' compliance to the "[List of Recommended Controls for Payroll Software](#)".

Category of Software Compliance to Controls	Description
A	Complies with the full list of recommended controls (24 controls)
B	Complies with all the controls that payroll software should have (10 controls)
C	None of the above

- Employers should exercise due care when purchasing/ using the payroll software and where appropriate, seek professional advice. When making the purchase, employers may wish to take into consideration other factors such as maintenance costs, (e.g., cost on system upgrades arising from legislative changes, change in CPF contribution rate), data security and ease of use.
- Employers who do not have a supporting payroll software can still prepare and submit employment income information online at myTax Portal.

Support for SMEs

The Singapore Government has announced various initiatives to help SMEs use digital technologies and build stronger capabilities to seize growth opportunities in the digital economy. Employers can obtain financial support by adopting payroll software pre-approved under the Productivity Solutions Grant (PSG), as part of the SMEs Go Digital (SGD) programme.

From the list below, you can identify AIS payroll software vendors with pre-approved Human Resource Management System (HRMS) solutions that are supported under PSG [indicated with a caret (^)]. Please note that as vendors may provide more than one digital solution, employers should check with the vendor directly for the solution that can meet their needs and your eligibility for PSG.

If you are an SME who wish to find out more on support available under the SGD programme, please refer to the website: <https://www.imda.gov.sg/SMEsGoDigital>.

NEW!

Some AIS payroll software vendors are also One-Stop Payroll-ready. **One-Stop Payroll** aims to simplify payroll and employment-related regulatory requirements and allows businesses/employers to submit payroll and employment-related information to multiple agencies through a single platform, via their payroll software. This includes annual salary data submission (under AIS) to IRAS, monthly CPF contribution information to CPF Board, and responses to MOM surveys. [Find out more](#).

From the list below, you can identify payroll software vendors that are One-Stop Payroll-ready [indicated with a hash (#)].

Disclaimer:

IRAS does not endorse or recommend any vendor or software listed in this listing. IRAS assumes no responsibility for the pricing, schedule or the quality of any product or service rendered by the vendors. If you choose to contract with any vendor or rely on this listing in any way, you do so at your own risk.

IRAS does not verify the security, authenticity, integrity or confidentiality of any software (or the operation of such software) listed in this listing. Usage of any software listed in this listing is at your own risk.
