- Employers should evaluate the controls that the payroll software have. Refer to the list below for vendor's declaration* on its payroll software' compliance to the "[List of Recommended Controls for Payroll Software](#)".

- Employers should exercise due care when purchasing/ using the payroll software and where appropriate, seek professional advice. When making the purchase, employers may wish to take into consideration other factors such as maintenance costs, (e.g., cost on system upgrades arising from legislative changes, change in CPF contribution rate), data security and ease of use.
- Employers who do not have a supporting payroll software can still prepare and submit employment income information online at myTax Portal.

Support for SMEs

The Singapore Government has announced various initiatives to help SMEs use digital technologies and build stronger capabilities to seize growth opportunities in the digital economy. Employers can obtain financial support by adopting payroll software pre-approved under the Productivity Solutions Grant (PSG), as part of the SMEs Go Digital (SGD) programme.

From the list below, you can identify AIS payroll software vendors with pre-approved Human Resource Management System (HRMS) solutions that are supported under PSG [indicated with a caret (^)]. Please note that as vendors may provide more than one digital solution, employers should check with the vendor directly for the solution that can meet their needs and your eligibility for PSG.

If you are an SME who wish to find out more on support available under the SGD programme, please refer to the website: <https://www.imda.gov.sg/SMEsGoDigital>.

NEW!

Some AIS payroll software vendors are also One-Stop Payroll-ready. **One-Stop Payroll** aims to simplify payroll and employment-related regulatory requirements and allows businesses/employers to submit payroll and employment-related information to multiple agencies through a single platform, via their payroll software. This includes annual salary data submission (under AIS) to IRAS, monthly CPF contribution information to CPF Board, and responses to MOM surveys. [Find out more.](#)

From the list below, you can identify payroll software vendors that are One-Stop Payroll-ready [indicated with a hash (#)].
